

Business Continuity Impact Service

Supporting your virtualised IT environment

Overview

The service helps organisations understand Business Continuity issues within virtual infrastructures. In addition, the service explores strategies aimed at increasing availability and shortening response times when faced with service disruptions and disasters.

The one-day consulting engagement is designed to be ordered and delivered with or in addition to our virtual infrastructure impact service. Together, these services speed your time-to-market, whilst maximising your time and investment

Target Audience

Architects and administrators new to virtual infrastructure, and who are interested in maximum uptime and risk reduction in event of a service disruption or disaster.

Deliverables

- Interactive, proof-of-concept, disaster recovery workshop using virtual infrastructure
- Best practice knowledge transfer
- Demonstration of backup and recovery of a Virtual Machine

Benefits

- Speed time-to-implementation with an accelerated learning curve and knowledge transfer
- Mitigate risk by leveraging experienced consultants and proven best practices
- Provide proof-of-concept or pilot in your environment

Roles and Responsibilities

- A Prolinx Virtualisation Professional conducts the workshop, which includes installation, configuration, administration and ongoing infrastructure management best practices
- Customer Project Manager - Plans and coordinates all IT functions
- Customer Systems Administrator - Responsible for server hardware, storage and networking
- Customer Server Administrator - Responsible for operating system and applications

Requirements

- Minimum of 60GB local free space, supported NAS/iSCSI or SAN Storage
- Conference room with projector and networked desktops/laptops running MS Windows 2000 or higher

Scope & Pricing

- Up to 1 day on-site engagement
- Maximum of 5 participants
- Demonstration of backup and recovery of up to two Virtual Machines
- Service delivered by a VMware Certified Professional or equivalent
- Contact your Prolinx account manager for pricing information
