Connectivity to - MoD Core Network (Official Sensitive) (MCN(OS)) through SMI2 Gateway.

The Overview

Prolinx Corporate Secure O365 is a suite of cloud-based productivity and collaboration applications that integrates all Microsoft's existing applications. It is offered to enable MoD industry partners to collaborate with government organisations and for them to communicate directly into the MoD. It provides a capability for customers who have daily business to guarantee contract deliverables and in flight projects but do not have the requirement to purchase a fully hosted environment connected to MoD Core Network (MCN). Industry partners and enterprises of all sizes are finding Prolinx Corporate Secure O365 collaboration drives productivity, ROI and corporate success. Prolinx further offers a complimentary User Access Device with fully managed services to enhance this offering.

Features

Prolinx Corporate Secure O365 enables you to be more creative and achieve what matters for you and your customers. Providing MS Outlook, OneDrive, Word, Excel, PowerPoint, OneNote, SharePoint and more, Prolinx Corporate Secure O365 enables you to be more creative and achieve what matters for you and your customers. With a Prolinx Corporate Secure O365 subscription, you get the latest Microsoft Office Applications and when updates are available to your employees, they are available simultaneous guaranteeing everyone is on the same version.

Benefits

Flexible and accessible with increased productivity-Corporate Secure O365 is available via desktop, laptop/tablet or your mobile device. OneDrive makes your work available to you from anywhere – and to others when you collaborate or share.

Collaborate Anywhere Anytime: With Corporate Secure O365, users get web-enabled access to email, documents, contacts and calendars regardless of whichever device or browser they use. This accessibility enables unified collaboration among employees.

Manageable as a subscription service model with transparent costs and no annual subscription, enables budget planning to be maximised for best value for money. Corporate Secure O365, email, calendar and contacts are synchronized; update a contact on your mobile phone and it will be automatically updated across all your devices.

Corporate Secure O365
